# August Newsletter 2024

Dear Parent,

Greetings from Epistemo!

August was a month of remarkable achievements at Epistemo. Our students excelled in the Youth Ideathon 2024, with five teams among the top 1,500 nationally. We are proud of their creativity and look forward to the next stage of the competition.

We also celebrate Ryan Mazumdar of Grade 10 for securing a distinction in the DELF A1 exam, a noteworthy accomplishment in French language proficiency.

Additionally, we acknowledge Swastik Behera of Grade 8, who achieved the 69th National Rank in the BriBooks Competition with his book "Konark - The Retold Story." Swastik's accomplishments include multiple awards, and his book now carries an ISBN Number issued by the Ministry of Education.

Our school buzzed with excitement during various events, including assemblies by Grades 4 and 9, where students showcased their creativity and teamwork. Field trips provided hands-on learning experiences, from exploring factories to understanding rainwater harvesting.

We commemorated the first anniversary of Chandrayaan 3 with a thrilling 3D show, sparking curiosity and excitement among our students. Additionally, the Global Perspective Reflection Day saw students from Grades 1-8 presenting their Term 1 learning on global issues through engaging projects and performances.

Thank you for your ongoing support in helping us create successful events and nurturing a vibrant community at Epistemo.

Warm Regards,  
Epistemo

## Epistemo's Pride

### Our Students Shine at Youth Ideathon 2024!

Our students have made us proud with their exceptional participation in Youth Ideathon 2024, India's largest innovation and entrepreneurship competition for school students organised by ThinkStartup and CBSE. Out of the 52,000 ideas submitted nationally, five teams from our school have been selected in the top 1500 teams, Pan India, highlighting the creativity and dedication of our young innovators. We are proud of their achievement and eagerly look forward to the next stage of the competition where the top 500 teams will be selected. Best of luck to our young innovators!

## Epistemo's Pride

### Congratulations to Epistemo Student, Swastik

Congratulations to Epistemo Student Swastik Behera of Grade 8! 🎉 We are incredibly proud to share that Swastik participated in the BriBooks Competition, where he authored 6 incredible books! Among them, his book, "Konark - The Retold Story," has garnered multiple awards, securing him the prestigious 69th National Rank! 🌟 He will be honored with a trophy and winner's certificate on 30th March 2025 in New Delhi.

Let's also celebrate his remarkable journey to the National level with the following achievements:

- 🏆 Published Author Certificate
- 🏆 Emerging Young Author Certificate
- 🏆 Silver Star Young Author Certificate & Medal
- 🏆 Gold Star Young Author Certificate & Medal
- 🏆 Platinum Star Young Author Certificate & Medal
- 🏆 Best Seller Author of School Certificate
- 🏆 Best Seller Author Of City Certificate
- 🏆 Best Seller Author Of State Certificate
- 🏆 National Published Young Author Certificate
- 🏆 National Best Seller Certificate (National Rank included)

Additionally, his book has received an ISBN Number: 978-93-6434-408-1, issued by the Ministry of Education, Govt. of India, a testament to his exceptional work. 📖🌟

### Congratulations to Ryan Mazumdar

Ryan Mazumdar of Grade 10 from our school secured distinction in the DELF A1 exam, conducted by the Alliance Française d'Hyderabad. The DELF (French Language Study Diploma) is an internationally recognized French language certification issued by the French Ministry of National Education and is valid for a lifetime. It certifies basic proficiency in French, demonstrating the ability to communicate in everyday situations, and is recognized in 120 countries as a reference for French language skills. The certificates are awarded to students by the French Embassy.

## Assembly By Grade 9

On August 5, 2024, Grades 9 held an assembly centered on the theme of Collaboration and the Indian Freedom Struggle. The event began with a graceful classical welcome dance, setting the stage for a journey through time. This was followed by the news and thought of the day, providing a thoughtful pause. A heart-touching mime performance, depicting the Pulwama attack, stirred the audience's emotions, painting a vivid picture of sacrifice and bravery. The assembly concluded with a mesmerizing dance that was a visual feast, leaving the audience spellbound. It was truly a treat to watch, as the students brought history and emotions to life through their performances.

## Grade 4 Assembly

### 🌟 A Collaborative Masterpiece! 🌟

Our Grade 4 superstars wowed everyone with an assembly that celebrated the power of collaboration. The energy, creativity, and teamwork on display were nothing short of amazing!

🎵 **Kicking Off with a Bang!** The assembly started with a catchy welcome song that had everyone clapping along. It was the perfect way to set the stage for a day all about working together.

🎭 **Skit: Teamwork in Action** Next up, our young actors took the spotlight with a skit that showed just how fun and powerful teamwork can be. They brought the message home: when we unite, we can solve anything!

📖 **Collaboration in Verse** Then came the poetry, where our budding poets wowed the crowd with verses that celebrated the magic of collaboration. Each poem was a creative gem, showing how much we can achieve when we work together.

💃 **Dancing with Team Spirit** The grand finale was an electrifying dance performance. The students danced their hearts out, chanting, "We are the dreamers, and we believe in ourselves!" It was a high-energy, feel-good celebration of the strength that comes from being part of a team.

We also announced the winners of our various CCA competitions, who were recognized for their outstanding success. Ms. Vani Marri, our beloved Vice Principal, applauded the students for their performances and highlighted the importance of teamwork in achieving success.

From creative arts to academic challenges, our champions shone brightly, showcasing their skills and passion. Congratulations to all the winners—you've made us all proud! 🌟🏆

This assembly was a blast and a true testament to what can happen when we collaborate. Kudos to our Grade 4 team for showing us all how it's done! 🎉👏

# Important School Events

## Grade 1 Assembly: Teachers' Day

Our Grade 1 students put on a wonderful assembly in celebration of Teachers' Day. The event was a true showcase of their talents and enthusiasm. The students confidently hosted, and recited the pledge, demonstrating their poise and spirit.

A highlight of the assembly was the skit performed by the students, which creatively conveyed the importance of teachers in our lives. We are incredibly proud of our little powerhouses, who hosted the assembly with great energy and charm.

# Important School Events

## Krishna-Themed Janmashtami Joy

Flutes tooting, Peacock feather bands glittering, and flowers raining from the sky - our Janmashtami bash was a Krishna-coded success! Our little Krishna and Gopikas turned Epistemo into a mini Vrindavan with giggles and games.

Who knew breaking a handi could bring so much joy? It was a day of divine mischief that would make Lord Krishna himself proud.

# Important School Events

## Young Patriots Celebrate Freedom

Today, our school buzzed with the spirit of independence. Little feet marched in unison as Grades 2 and 3 showcased their drill skills. Grade 5 brought history to life, enacting the struggles of our brave leaders. The air filled with patriotic melodies as Grade 1 raised their voices in song, while Grade 4 swayed to the rhythm of freedom. Our students painted a vivid picture of India's journey to liberty from the youngest to the eldest. Their energy and passion reminded us of the precious gifts our forefathers fought for. Watching these children, their dedication, and understanding of our heritage fill us with pride and hope for tomorrow.

# Important School Events

## Little Patriots' Independence Day Celebration

Independence Day festivities filled our Pre-Primary class with vibrant energy today!

Our little patriots stole hearts as they sang and danced to patriotic tunes, their voices filled with joy and innocence. The classrooms buzzed with creativity as tiny hands crafted adorable tricolor caps and heartfelt greeting cards.

Their enthusiasm and pure affection for our country remind us that our future is in capable and caring hands.

## From Classrooms To Factory Floors

Our young Epistemo explorers traded textbooks for hairnets this week! Our Epistemo students had a tasty adventure! Some visited the Parle-G factory, where they saw how their favourite biscuits while others explored the cool world of Masqati Ice Cream, witnessing ice cream's journey from milk to magic. From biscuit conveyor belts to ice cream swirls, our little explorers discovered that real-world learning can be super fun and delicious. They came back to school with big smiles, full tummies, and lots of new insights about how their favourite treats are made.

And yes, taste-testing was definitely involved! Real-world learning never tasted so good.

# Important School Events

## 🌟 Learning with a Twist: Field Trip Highlights! 🌟

At Epistemo, we're all about learning that sticks for life. Our recent field trips were the perfect blend of education and fun, turning classroom lessons into real-world adventures.

Our Grade 3 students got hands-on with rainwater harvesting, learned about water purification, and had a blast with interactive activities like the Water Drops Counts game and the Talking Tree. They even uncovered the magic of Zodiac Sign Trees and checked out some super cool rainwater-saving model houses. Plus, each student proudly walked away with a Certificate of Participation, celebrating their journey of discovery.

Meanwhile, our Grade 4 and 5 students took a sweet dive into the buzzing world of bees! They explored hive life, got up close with the bees, and learned about the different roles within the colony. From the bee lifecycle to their essential role in our environment, they soaked it all in. And what's a bee adventure without honey? After seeing how it's extracted, they tasted fresh honey and got creative with bee-inspired goodies like beeswax lip balms and honey chocolates.

These trips weren't just lessons—they were epic adventures that proved learning goes way beyond the classroom! 🌱🐝

## A 3D Cosmic Adventure At Epistemo

🚀 We Embarked on the Ultimate 3D Adventure: Cheering for Cosmic Wonders! 🌌

At Epistemo, we lit the spark of curiosity and sent imaginations soaring! To celebrate the first anniversary of India's Chandrayaan 3 moon landing, we hosted a spectacular 3D show that filled our students with awe and excitement:

🍌 Chandrayaan 3: An Epic Lunar Voyage

🦖 Dinosaurs: The Giants Returned

🦈 Sharks: The Deep Sea Daredevils

The smiles on our students' faces said it all—they were captivated by the incredible visuals and thrilled by the immersive experience. The joy and satisfaction they felt were palpable, as they cheered and shared their excitement with friends. This 3D adventure wasn't just a show; it was a journey that sparked wonder and left them with memories they'll cherish for a long time! 🎉

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 1

We are excited to share that Grade 1 has recently explored the topic of sports in Global perspective, discovering its importance for overall well-being. The students learned how sports contribute to physical fitness, mental health, and teamwork, and they spoke about traditional games, appreciating their cultural significance. They also discussed prominent sports figures and explored various international sports like soccer and basketball. To wrap up, the children performed a skit on team building, highlighting the importance of cooperation and communication in sports. It has been a joy to see their enthusiasm and understanding grow through this topic.

# Important School Events

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 2

Our Grade 2 students did a fantastic job learning about the importance of saving water. They eagerly took part in discussions on how we can save water at home, in industries, and through rainwater harvesting. The children also performed a powerful skit that showed why we need to conserve water and what we can do to help. Their songs and dances were full of energy and made the message even more memorable. We are so proud of how well they understood and shared the importance of saving water!

# Important School Events

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 3

Grade 3 students explored the topic "How Healthy Is Your Diet?" to raise awareness about balanced eating. They learned about food groups, essential nutrients, and analyzed their eating habits. On Reflection Day, they presented their findings through posters, meal diaries, and skits, confidently sharing insights on healthier food choices. Parents joined in, discussing ways to improve family diets. The event fostered meaningful discussions on nutrition and ended with a commitment to make more mindful food choices.

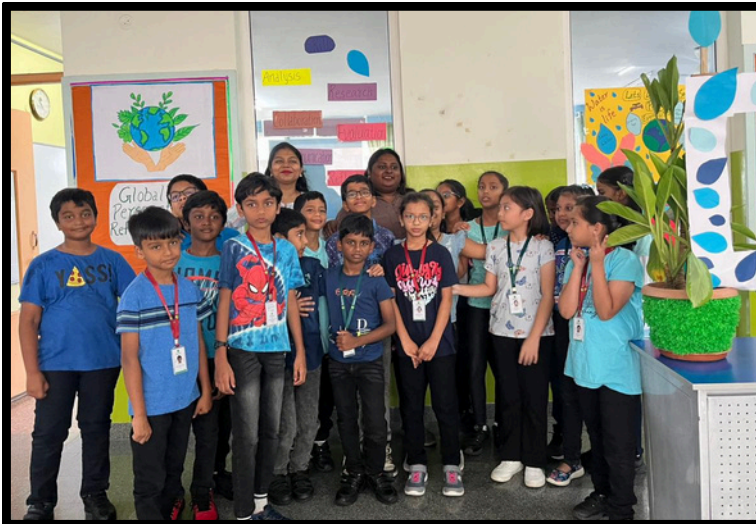

# Important School Events

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 4

Grade 4 students explored the topic "How Much Water Do We Use?" to raise awareness about water conservation. They tracked household water use, identified waste reduction opportunities, and presented their findings creatively through graphs, skits, and more. On Reflection Day, students revealed surprising insights into daily water consumption and discussed irrigation methods, water footprints, and virtual water use. Parents joined in on discussions about practical water-saving strategies, inspired by their children's work. The event fostered a shared commitment to conserving water and adopting sustainable habits.

# Important School Events

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 5

On GP Reflection Day, Grade 5 students explored the theme of "Improving Communication" through comprehensive research and creative presentations. They demonstrated their insights using charts, a song, a skit, and a dance, effectively illustrating various communication methods and challenges. This event was an enriching experience, deepening their understanding of the importance of effective communication on both local and global scales. Through these activities, they gained a greater appreciation for how communication evolves, its role in connecting people across cultures, and the barriers to clear understanding. The presentations not only expanded their knowledge but also helped them develop valuable skills in idea expression and collaboration.

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 6

Grade 6 CIE organized a reflection program on the topic "Change in Culture and Communities." The event aimed to deepen the students' understanding of cultural diversity and traditions from different countries. Through research and creative expression, the learners presented their findings and reflections. The program featured vibrant charts and PowerPoint presentations that highlighted various cultures, showcasing traditional clothing, festivals, and customs. Students also performed traditional dances, drumming sequences, and a song celebrating unity and diversity. A skit illustrated the impact of globalization. The event concluded with students sharing their insights, expressing how the experience broadened their perspectives on global cultures.

The program was a successful blend of research and creativity, fostering a greater appreciation for cultural diversity among the learners.

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 7

Learners of Grade 7 CIE showcased their understanding of sustainability during GP Reflection Day with a compelling presentation on "How do We Use Resources Sustainably." Through engaging PowerPoints, impactful skit, thought provoking street play, a thoughtful mime and a song, they emphasized the critical importance of responsible resource use and sustainable practices. Their performances resonated with the audience, inspiring everyone to reflect on their contributions to preserving our planet's resources.

# Important School Events

## Global Perspective Reflection Day at Epistemo! 🌍

### Grade 8

Grade 8 CIE learners took center stage during GP Reflection Day with an impactful presentation on "Understanding Each Other." The event featured a series of insightful PowerPoint presentations, powerful skits, and a thought provoking mime and a song. All emphasizing the importance of empathy, cultural exchange, and mutual respect. Their performances left a lasting impression, resonating with the entire audience and underscoring the significance of truly understanding each other.
